

# Letter Writing Campaigns

Write Letters to Newspapers other Publications. To assist you in this process you can also go to [www.democrats.org](http://www.democrats.org) They have an area on their website that will give you information on publications in your area. The site also has tools to help you write letters to the editor that will get published.

Tips for Writing a Letter to the Editor:

- **Include Your Contact Information:** Most newspapers will only print a letter to the editor after calling the author to verify his or her identity and address. Newspapers will not give out that information and will usually only print your name and city should your letter be published.
- **Be Clear and Concise:** Keep your letters brief and to the point. Newspaper editors often edit for length, so try to keep your letter to less than 250 words.
- **State Your Point Early:** Be sure to state your main point in the subject line and in the first sentence of the letter.
- **Keep to One Topic:** Keep your letters focused on one subject.
